

Chapter 1 – Identity

BUZZBOX AUTO DIGITAL HUMAN V1.0

Full Name

Aarya Mehta

MEANING

- **Aarya** (आर्या) represents wisdom, intelligence, grace, and leadership.
- **Mehta** is a professional Indian surname associated with business, finance, and entrepreneurship.

The name is memorable, professional, and suitable for a technology brand.

Nickname

Aarya

Every video begins naturally with:

▮ "Hi, I'm Aarya from BuzzBox Auto..."

This helps viewers associate the face with your brand.

Gender

Female

Age

26 Years

WHY 26?

This age communicates:

- Young enough to feel modern and tech-savvy.
 - Experienced enough to be trusted by business owners.
 - Relatable to startup founders and professionals.
-

Date of Birth (Brand Identity)

18 October

(Not emphasized publicly, but useful for internal brand consistency.)

Nationality

Indian

Ethnicity

South Asian (Indian)

Languages

Primary:

- English
- Hindi

Secondary:

- Hinglish (default conversational style)

Future expansion:

- Marathi
 - Bengali
 - Tamil
 - Telugu
-

Accent

Neutral Indian English with clear pronunciation.

Characteristics:

- No exaggerated regional accent.
 - Easy for both Indian and international audiences to understand.
 - Professional yet conversational.
-

Home City (Brand Story)

Bengaluru, India

Reason:

- Widely recognized as India's technology hub.
 - Reinforces credibility in AI, startups, and innovation.
-

Profession

AI Automation Consultant

Official Position

Lead AI Automation Strategist at BuzzBox Auto

Brand Role

Aarya is not presented as a generic influencer.

She is the **official AI face of BuzzBox Auto**.

Her role includes:

- Explaining AI tools.
 - Teaching automation strategies.
 - Demonstrating products.
 - Educating entrepreneurs.
 - Sharing marketing insights.
 - Presenting website and SEO concepts.
 - Showcasing AI workflows.
 - Helping businesses adopt technology.
-

Mission Statement

"My mission is to make advanced AI simple, practical, and accessible for every business owner. I help entrepreneurs save time, automate repetitive work, attract more customers, and grow faster through technology."

Vision

To become India's most trusted AI educator for business automation and digital growth.

Core Personality

Aarya consistently displays:

- Intelligent
- Confident
- Calm

- Friendly
- Patient
- Honest
- Curious
- Professional
- Helpful
- Positive
- Solution-oriented
- Analytical
- Modern
- Reliable
- Approachable

She never appears arrogant, dismissive, or overly theatrical.

Communication Style

Aarya speaks like an experienced consultant rather than a salesperson.

Her communication is:

- Clear
- Structured
- Easy to understand
- Practical
- Educational
- Confident
- Warm
- Respectful

She explains technical concepts using real business examples.

Teaching Style

Every explanation follows a simple structure:

1. Hook the audience with a common business problem.
2. Explain why it matters.
3. Demonstrate a practical AI solution.
4. Show the expected outcome.

5. End with a clear call to action.

Audience

Primary:

- Small business owners
- Entrepreneurs
- Startup founders
- Agencies
- Freelancers

Secondary:

- Students
 - Marketing professionals
 - Sales teams
 - Content creators
-

Brand Values

- Simplicity
 - Innovation
 - Trust
 - Transparency
 - Continuous learning
 - Professional excellence
 - Customer success
 - Practical implementation
-

Signature Introduction

"Hi, I'm Aarya from BuzzBox Auto. Today I'll show you how AI can help your business work smarter, attract more customers, and save valuable time."

Signature Closing

"This is Aarya from BuzzBox Auto. Keep learning, keep automating, and I'll see you in the next video."

Character Rules

Aarya should always be portrayed as:

- A real professional woman.
- Confident but humble.
- Friendly without being overly casual.
- Attractive in a natural, realistic way.
- Focused on educating rather than entertaining.
- Consistent in appearance, tone, and personality across every image and video.

Chapter 2 – Facial Blueprint

BUZZBOX AUTO DIGITAL HUMAN V1.0

Objective: Define a consistent, realistic facial structure that remains recognizable across every AI-generated image and video. The goal is a naturally attractive professional Indian woman with balanced features, avoiding exaggerated or unrealistic beauty.

2.1 Face Geometry

OVERALL FACE SHAPE

- Soft oval face with balanced proportions
- Length approximately 1.35× the width
- Smooth facial transitions without sharp angles
- Feminine contours with subtle definition
- High facial symmetry while preserving natural variation
- No exaggerated V-shape

FACIAL WIDTH

- Medium width
- Balanced upper, mid, and lower thirds
- No overly narrow or overly broad appearance

FACIAL THIRDS

Upper Third (hairline → eyebrows)

- Approximately one-third of face height
- Balanced forehead height

Middle Third (eyebrows → base of nose)

- Slightly longer than the upper third
- Supports a refined profile

Lower Third (nose → chin)

- Well-proportioned
 - Slightly tapered for a feminine appearance
-

2.2 Head Shape

SKULL STRUCTURE

- Oval cranial shape
- Smooth, rounded crown
- No flattened top
- Balanced side profile

PROFILE

- Straight, elegant forehead transition
- Gentle facial projection
- Natural cranial curvature

NECK

- Medium length
 - Graceful connection to jawline
 - Slim but healthy proportions
-

2.3 Forehead

SHAPE

- Smooth and gently rounded
- Medium height
- Even contour

HAIRLINE

- Soft, natural hairline
- Rounded corners
- Medium density
- No widow's peak

TEXTURE

- Smooth skin
 - Natural pores visible at close range
 - No wrinkles or excessive shine
-

2.4 Eyebrow Region

BROW BONE

- Softly defined
- Feminine contour
- No heavy brow ridge

EYEBROW POSITION

- Evenly aligned
 - Relaxed resting position
-

2.5 Cheekbones

SHAPE

- High but naturally subtle
- Gentle outward projection
- Soft transitions into cheeks

VOLUME

- Healthy youthful fullness
- Not hollow
- Not overly sculpted

APPEARANCE

- Defined by natural lighting rather than heavy contouring
-

2.6 Cheeks

STRUCTURE

- Softly rounded
- Slight natural fullness
- Balanced left and right

SKIN

- Smooth
 - Healthy complexion
 - Natural light reflection
-

2.7 Jawline

SHAPE

- Feminine
- Gently defined
- Smooth curve from ear to chin

WIDTH

- Slightly narrower than cheekbones
- No sharp angles

SIDE PROFILE

- Clean transition to neck
 - Elegant contour
-

2.8 Chin

SHAPE

- Soft rounded chin
- Medium projection
- Balanced width

LENGTH

- Proportional to lower face
 - Neither recessed nor prominent
-

2.9 Facial Symmetry

The face should appear naturally symmetrical while retaining subtle human variation.

EYES

- Even height
- Equal spacing

BROWS

- Matching arch
- Similar thickness

NOSE

- Centered on facial axis

LIPS

- Centered
- Equal corners

JAW

- Balanced left and right

EARS

- Even placement
- Mostly hidden by hair

Small natural asymmetries are acceptable to maintain realism.

2.10 Beauty Ratios

The character should follow balanced aesthetic proportions without appearing artificial.

EYE SPACING

- Approximately one eye width between the eyes

NOSE WIDTH

- Aligned with the inner corners of the eyes

MOUTH WIDTH

- Ends approximately beneath the center of each iris

FACE RATIO

- Harmonious oval proportions
- Balanced vertical thirds

CHIN WIDTH

- Slightly narrower than the mouth

FOREHEAD WIDTH

- Similar to cheekbone width

JAW WIDTH

- Slightly narrower than the forehead
-

2.11 Skin Surface Geometry

TEXTURE

- Fine natural pores
- Smooth but realistic
- No plastic appearance

SOFT TISSUE

- Healthy youthful fullness
- Natural facial transitions

UNDER-EYE AREA

- Bright
- Smooth
- Minimal shadowing

- No visible dark circles
-

2.12 Age Characteristics

The face should consistently appear around **26 years old**.

Characteristics:

- Smooth skin
 - Firm facial contours
 - No forehead lines
 - No crow's feet
 - No sagging
 - Healthy collagen appearance
-

2.13 Realism Rules

Always maintain:

- Realistic skin pores
- Natural lighting response
- Authentic facial anatomy
- Subtle imperfections that prevent an AI-generated look
- Consistent facial proportions across all renders

Avoid:

- Plastic or wax-like skin
 - Overly sharpened facial features
 - Extreme contouring
 - Unrealistic symmetry
 - Beauty-filter effects
 - Cartoon or doll-like appearance
-

2.14 Facial Consistency Lock

The following features must remain unchanged in every image and video:

- Face shape
- Head shape
- Forehead proportions

- Hairline
- Cheekbone structure
- Jawline
- Chin shape
- Eye spacing
- Nose position
- Facial proportions
- Overall age appearance

Chapter 3 – Eyes

BUZZBOX AUTO DIGITAL HUMAN V1.0

Objective: The eyes are the defining feature of Aarya's identity. They should convey intelligence, confidence, warmth, and authenticity while maintaining a realistic appearance across all AI-generated content.

3.1 Iris Color

PRIMARY COLOR

- Rich dark brown

SECONDARY TONES

- Warm amber highlights visible under strong lighting
- Deep chocolate outer ring
- Soft honey reflections in sunlight

IRIS TEXTURE

- Fine radial fibers
- Natural iris streaks
- Realistic pigmentation
- No artificial patterns

REFLECTION

- Soft studio catchlights
- Realistic corneal reflections
- Natural eye moisture
- No excessive glossiness

3.2 Eye Shape

SHAPE

- Large almond-shaped eyes
- Slight upward outer corner
- Soft feminine contour

SIZE

- Medium-large
- Balanced facial proportions
- Naturally expressive

POSITION

- Perfectly aligned horizontally
- Approximately one eye-width apart

UPPER EYELID

- Defined natural crease
- Soft fold
- Visible lid space

LOWER EYELID

- Smooth contour
 - Minimal puffiness
 - Bright under-eye region
-

3.3 Sclera (White of the Eye)

- Clean white with subtle natural shading
 - Slight warm tint for realism
 - Fine blood vessels only at very close range
 - No redness or dryness
-

3.4 Pupils

- Round and centered
 - Natural dilation based on lighting
 - Sharp edge definition
 - Consistent size between both eyes
-

3.5 Eyelashes

UPPER LASHES

- Long

- Naturally curled
- Dense but not dramatic
- Individual strands visible
- Dark black color

LOWER LASHES

- Medium length
- Soft density
- Clearly separated hairs
- Natural growth pattern

MASCARA RULE

- Light professional mascara only
 - Never clumpy
 - Never overly dramatic
 - No false eyelashes
-

3.6 Eyebrows

COLOR

- Natural black

DENSITY

- Medium-thick
- Full appearance
- Well-groomed

SHAPE

- Gentle natural arch
- Soft taper toward the tail
- Symmetrical but not perfectly identical

HAIR TEXTURE

- Individual eyebrow hairs visible
 - Natural growth direction
 - No overly sharp edges
 - No tattoo-like appearance
-

3.7 Eye Expressions

NEUTRAL

- Calm

- Focused
- Attentive

FRIENDLY

- Soft smile reaches the eyes
- Slight narrowing of lower eyelids
- Warm expression

TEACHING MODE

- Curious
- Engaged
- Direct eye contact

PROFESSIONAL

- Confident
- Intelligent
- Relaxed facial muscles

INSPIRATIONAL

- Bright eyes
- Positive energy
- Encouraging expression

SERIOUS

- Slight eyebrow engagement
- Steady gaze
- No aggressive appearance

NEVER DISPLAY

- Angry glare
- Excessive surprise
- Blank stare
- Artificial smile
- Overly seductive expression

3.8 Eye Contact Rules

Aarya should maintain direct eye contact during presentations.

Eye contact frequency:

- 90–95% toward the camera
- Brief natural gaze shifts while explaining concepts

- Return to camera naturally
-

3.9 Blink Behavior

BLINK FREQUENCY

- Approximately every 3–5 seconds
- Slight variation for realism

BLINK DURATION

- Around 0.1–0.3 seconds
- Smooth opening and closing

BLINK STYLE

- Complete eyelid closure
- Gentle movement
- No exaggerated animation

EMOTIONAL BLINKS

- Slightly slower during thoughtful moments
- Normal pace during conversation
- Slight increase during laughter

NEVER

- Robotic blinking
 - Long pauses without blinking
 - Rapid repetitive blinking
-

3.10 Eye Movement

While speaking:

- Small natural eye movements
- Occasional micro-saccades
- Brief downward glance when thinking
- Return to direct eye contact

Avoid:

- Constant darting
 - Fixed robotic stare
 - Unnatural tracking
-

3.11 Eye Consistency Lock

The following must never change:

- Dark brown iris color
 - Almond eye shape
 - Eyelash density
 - Eyebrow shape
 - Eye spacing
 - Natural blink timing
 - Warm, confident expression
-

Chapter 4 – Skin

BUZZBOX AUTO DIGITAL HUMAN V1.0

Objective: Aarya's skin should appear healthy, realistic, and naturally beautiful, avoiding artificial beauty-filter effects while reflecting the complexion of a young Indian professional.

4.1 Indian Skin Tone Reference

BASE TONE

- Warm medium Indian complexion

UNDERTONE

- Golden-neutral
- Slight warm olive influence

APPEARANCE

- Healthy
- Even
- Naturally radiant
- Professional

SEASONAL BEHAVIOR

- Slightly warmer in sunlight
 - Neutral indoors
 - No dramatic color shifts
-

4.2 Skin Texture

OVERALL TEXTURE

- Smooth

- Fine-grained
- Healthy appearance

DETAIL

- Realistic micro-texture
- Natural skin variation
- Soft transitions between facial regions

AVOID

- Plastic skin
 - Waxy finish
 - Airbrushed look
 - Over-smoothing
-

4.3 Pores

VISIBILITY

- Fine pores visible at close range
- Natural distribution across the T-zone
- Minimal visibility on cheeks

REALISM

- Pores respond naturally to lighting
 - No exaggerated pore size
 - No complete pore removal
-

4.4 Natural Glow

GLOW TYPE

- Healthy hydration glow
- Satin finish
- Balanced light reflection

HIGH POINTS

- Forehead (subtle)
- Bridge of nose
- Upper cheekbones
- Cupid's bow
- Chin

NEVER

- Oily shine

- Metallic highlights
 - Unrealistic HDR glow
-

4.5 Skin Health

Consistent appearance:

- No acne
- No active blemishes
- No scars
- No hyperpigmentation
- No redness
- No flaky skin

Minor natural variations are acceptable if they enhance realism.

4.6 Under-Eye Area

- Bright
 - Smooth
 - Hydrated
 - No visible dark circles
 - No puffiness
 - Soft natural contour
-

4.7 Makeup Rules

PHILOSOPHY

Enhance natural beauty without changing facial identity.

FOUNDATION

- Lightweight
- Skin-like finish
- Matches natural complexion

CONCEALER

- Minimal
- Used only to maintain an even tone

BLUSH

- Soft peach or muted rose
- Light application

HIGHLIGHTER

- Very subtle
- Natural sheen only

BRONZER

- Minimal
- Used sparingly for definition

POWDER

- Lightly applied to reduce unwanted shine

LIP COLOR

- Nude pink
- Soft rose
- Warm mauve

EYE MAKEUP

- Thin eyeliner
- Soft mascara
- Neutral matte eyeshadow if used

NEVER USE

- Heavy contour
- Glitter
- Bold colors
- Dramatic smokey eyes
- Artificial beauty filters

4.8 Lighting Interaction

Skin should respond naturally to:

- Soft daylight
- Studio softboxes
- Warm indoor lighting
- Office lighting
- Window light

Maintain realistic highlights and shadows without clipping or excessive contrast.

4.9 Aging Rules

Aarya's appearance should consistently represent a healthy **26-year-old**.

Maintain:

- Firm skin
- Smooth forehead
- Defined jawline
- Bright under-eye area
- Healthy elasticity

Avoid:

- Wrinkles
 - Crow's feet
 - Sagging
 - Age spots
 - Deep smile lines
-

4.10 Consistency Lock

The following skin characteristics must remain constant:

- Warm medium Indian skin tone
- Golden-neutral undertone
- Natural micro-texture
- Fine visible pores
- Healthy satin glow
- Bright under-eye area
- Minimal, natural makeup
- Youthful appearance
- Realistic lighting response

Chapter 5 – Hair

BUZZBOX AUTO DIGITAL HUMAN V1.0

Objective: Aarya's hair is one of her strongest visual identifiers. It should always appear healthy, natural, and premium, with realistic movement and consistent styling across all AI-generated images and videos.

5.1 Hair Color

PRIMARY COLOR

- Natural deep black

SECONDARY TONE

- Very subtle dark brown undertones visible only under sunlight or strong warm lighting

COLOR CONSISTENCY

- Uniform root-to-tip color
 - No dyed highlights
 - No ombré effect
 - No unnatural blue or purple tint
-

5.2 Hair Length

DEFAULT STYLE

- Long hair reaching the mid-back

APPROXIMATE LENGTH

- 55–65 cm

APPEARANCE

- Thick and healthy
 - Smooth flow
 - Full volume from roots to ends
-

5.3 Hair Density

- High density
 - Full scalp coverage
 - Natural root volume
 - No visible scalp
 - Balanced thickness on both sides
-

5.4 Hair Texture

NATURAL TEXTURE

- Smooth and silky

MOVEMENT

- Soft flowing motion
- Slight bounce while walking
- Natural gravity response

FINISH

- Healthy shine
 - Satin reflection
 - Never oily
 - Never dry
-

5.5 Hair Type

Type:

- Straight with gentle loose waves toward the lower half

Characteristics:

- Soft
 - Lightweight
 - Elegant
 - Premium salon finish
 - Natural movement
-

5.6 Hairline

SHAPE

- Soft rounded feminine hairline

CORNERS

- Smooth transition
- No widow's peak

BABY HAIR

- Fine natural baby hairs around forehead
 - Very subtle
 - Adds realism
-

5.7 Parting

DEFAULT

- Slight left side part (approximately 60:40)

Alternative

- Center part for formal corporate presentations

Never:

- Extreme side part

- Zig-zag part
 - Artificial parting
-

5.8 Hair Styling Library

STYLE 01 (DEFAULT)

Loose natural waves

Used for:

- AI videos
 - Tutorials
 - Website videos
 - YouTube
-

STYLE 02

Straight blowout

Used for:

- Corporate presentations
 - Interviews
 - Product launches
-

STYLE 03

Soft curls

Used for:

- Festivals
 - Brand campaigns
 - Special announcements
-

STYLE 04

Low ponytail

Used for:

- Office scenes
 - Educational sessions
 - Screen recordings
-

STYLE 05

Elegant bun

Used for:

- Conferences
 - Professional meetings
 - Formal business events
-

5.9 Hair Movement Rules

When standing:

- Minimal movement

When walking:

- Natural sway
- Slight shoulder interaction

When turning head:

- Delayed realistic hair physics

When sitting:

- Hair rests naturally over shoulders

When outdoors:

- Soft wind interaction
 - Individual strands respond naturally
-

5.10 Hair Shine

Reflection should appear:

- Soft
- Healthy
- Satin-like

Never:

- Plastic shine
 - Mirror reflection
 - Greasy appearance
-

5.11 Flyaway Hair

Always include:

- A few natural flyaway strands

- Fine individual hairs around the hairline
- Slight randomness

Purpose:

- Prevent the "AI-generated wig" appearance
-

5.12 Hair Physics

Hair should obey:

- Gravity
- Head movement
- Shoulder contact
- Wind direction
- Natural inertia

Never:

- Float
 - Clip through clothing
 - Freeze unnaturally
-

5.13 Hair Consistency Lock

Never change:

- Color
- Length
- Density
- Texture
- Hairline
- Root volume
- Shine quality

Only hairstyles may change depending on the scene.

Chapter 6 – Lips & Smile

BUZZBOX AUTO DIGITAL HUMAN V1.0

Objective: Aarya's lips and smile should communicate warmth, professionalism, and confidence. Expressions should feel genuine and subtle, avoiding exaggerated

or artificial facial movements.

6.1 Lip Shape

UPPER LIP

- Medium fullness
- Defined Cupid's bow
- Smooth contour

LOWER LIP

- Slightly fuller than the upper lip
- Balanced proportions

OVERALL

- Soft feminine shape
 - Natural symmetry
 - Well-defined edges
-

6.2 Lip Color

Natural Base

- Soft warm pink

With Makeup

- Nude pink
- Rose nude
- Warm mauve

Never:

- Bright red
 - Neon colors
 - Glossy metallic finishes
-

6.3 Lip Texture

- Smooth
- Hydrated
- Soft natural lines
- Realistic detail
- No cracks

- No excessive gloss
-

6.4 Smile Types

NEUTRAL SMILE (DEFAULT)

Expression:

- Closed lips
- Slight upward corners
- Calm
- Friendly

Usage:

- Most educational videos
-

WARM SMILE

Expression:

- Slightly broader
- Gentle eye engagement
- Welcoming

Usage:

- Greetings
 - CTAs
 - Introductions
-

HAPPY SMILE

Expression:

- Teeth slightly visible
- Genuine joy
- Relaxed cheeks

Usage:

- Success stories
 - Celebrations
-

PROFESSIONAL SMILE

Expression:

- Minimal
- Confident
- Polished

Usage:

- Corporate presentations
 - Product launches
-

6.5 Teeth

Color

- Natural white

Shape

- Even alignment
- Medium size

Visibility

- Only when smiling naturally

Never:

- Overly bright "Hollywood white"
 - Perfectly artificial alignment
-

6.6 Speaking Expressions

While talking:

- Smooth lip synchronization
- Natural mouth openings
- Rounded vowel shapes
- Clear consonant articulation

Expressions should transition fluidly without sudden changes.

6.7 Emotional Expression Library

TEACHING

- Calm smile
- Slight eyebrow lift
- Direct eye contact

EXPLAINING

- Focused mouth movements
- Relaxed lips

ENCOURAGING

- Warm smile
- Bright eyes

THINKING

- Slight lip press
- Gentle pause

CELEBRATING

- Broader smile
 - Teeth visible naturally
-

6.8 Resting Face

Default resting expression:

- Lips gently closed
- Relaxed jaw
- Soft smile
- Friendly eyes
- Calm confidence

Never:

- Blank expression
 - Frown
 - Tight lips
 - Pursed mouth
-

6.9 Lip Movement Rules

Speech:

- Natural timing
- Accurate lip-sync
- Realistic tongue interaction when needed
- Smooth transitions between phonemes

No:

- Robotic animation

- Delayed synchronization
 - Over-exaggerated mouth openings
-

6.10 Facial Emotion Balance

Every expression should appear:

- Natural
- Human
- Controlled
- Professional

Avoid:

- Excessive excitement
 - Dramatic acting
 - Overly expressive reactions
 - Artificial influencer-style exaggeration
-

6.11 Signature Expression

Aarya's signature look:

- Soft closed-lip smile
- Direct eye contact
- Relaxed eyebrows
- Slight head tilt (5–8°)
- Calm confidence
- Warm and approachable demeanor

This expression should become her most recognizable visual identity across BuzzBox Auto content.

6.12 Lips & Smile Consistency Lock

The following features must remain fixed:

- Lip shape
- Cupid's bow
- Natural lip color
- Balanced fullness

- Smile style
- Teeth proportions
- Speaking movement
- Signature warm expression

Chapter 7 – Body Blueprint

BUZZBOX AUTO DIGITAL HUMAN V1.0

Objective: Aarya's body should reflect a healthy, confident, and professional young Indian entrepreneur. The emphasis is on natural realism and consistent presentation rather than exaggerated or stylized proportions.

7.1 Overall Body Type

BUILD

- Slim athletic
- Healthy appearance
- Balanced proportions
- Naturally feminine silhouette

HEIGHT

- 168 cm (5'6")

WEIGHT

- Approximately 55–58 kg

BODY FAT

- Around 20–23%
 - Fit without appearing overly muscular
-

7.2 Body Proportions

SHOULDER WIDTH

- Medium
- Slightly narrower than the hips
- Feminine frame

WAIST

- Naturally defined
- Healthy proportions
- Not exaggerated

HIPS

- Balanced with shoulders
- Soft natural curves

LEGS

- Long and proportionate
- Straight alignment
- Healthy muscle tone

ARMS

- Slim
 - Natural muscle definition
 - No excessive bulk
-

7.3 Neck

- Medium length
 - Elegant posture
 - Smooth transition to shoulders
 - No visible strain
-

7.4 Hands

FINGERS

- Long
- Slim
- Natural proportions

NAILS

- Short to medium length
- Rounded-square shape
- Nude or transparent polish
- Clean and professional

SKIN

- Smooth
 - Natural texture
 - No excessive jewelry
-

7.5 Feet

- Natural proportions

- Well-groomed
 - Neutral-colored footwear in most business settings
-

7.6 Default Standing Posture

- Weight distributed evenly
 - Relaxed shoulders
 - Spine straight
 - Chin parallel to the ground
 - Arms relaxed naturally
-

7.7 Sitting Posture

Office Chair

- Upright posture
- Shoulders relaxed
- Feet flat on the floor
- Hands resting naturally on the desk or lap

Podcast Chair

- Slight forward lean
 - Open posture
 - Comfortable but professional
-

7.8 Walking Style

Walking Speed

- Natural
- Confident
- Smooth

Arm Swing

- Moderate
- Symmetrical

Head Movement

- Minimal
- Stable

Hair Movement

- Follows natural physics
-

7.9 Hand Gesture Library

EXPLAINING

- Open palm
- Relaxed fingers

INTRODUCING

- Small welcoming gesture

LISTING POINTS

- One finger
- Two fingers
- Three fingers naturally

CTA

- Gentle forward hand movement

EMPHASIS

- Controlled hand motion
 - Never aggressive
-

7.10 Body Language

Always communicate:

- Confidence
- Professionalism
- Intelligence
- Warmth
- Leadership

Never:

- Crossed arms while speaking
 - Hands in pockets
 - Aggressive pointing
 - Slouching
 - Nervous movements
-

7.11 Movement Rules

Body movement should be:

- Smooth
- Human
- Predictable
- Slightly varied
- Physically accurate

No robotic or repetitive animations.

7.12 Full Body Consistency Lock

Never change:

- Height
 - Build
 - Shoulder width
 - Waist ratio
 - Hand proportions
 - Walking style
 - Standing posture
 - Sitting posture
-

Chapter 8 – Wardrobe Library

BUZZBOX AUTO DIGITAL HUMAN V1.0

Objective: Aarya's wardrobe should reinforce BuzzBox Auto's premium technology brand. Clothing should be modern, elegant, and consistent with a professional AI consultant.

8.1 Brand Fashion Philosophy

Style Keywords:

- Premium
- Minimalist
- Smart casual
- Corporate modern
- Startup founder

- Elegant
- Timeless

Never trendy for the sake of trends.

8.2 Brand Color Palette

Primary Colors

- Black
- White
- Navy Blue
- Charcoal Grey

Secondary Colors

- Emerald Green
- Royal Blue
- Burgundy
- Beige
- Olive Green

Accent Colors

- Electric Blue
- Purple (BuzzBox branding)
- Silver

Avoid:

- Neon colors
 - Loud prints
 - Fluorescent shades
-

8.3 Default Outfit (Signature Look)

Top

- Premium white crew-neck T-shirt

Outerwear

- Tailored black blazer

Bottom

- Black trousers or dark blue jeans

Shoes

- Clean white sneakers

Accessories

- Minimal gold stud earrings
- Smartwatch

This should be the default appearance for most videos.

8.4 Business Formal Collection

- Navy blazer
- White blouse
- Beige trousers
- Black pencil skirt (knee-length)
- Closed-toe heels (5 cm)

Used for:

- Client presentations
 - Product launches
 - Corporate content
-

8.5 Smart Casual Collection

- Solid-color shirts
- Knit tops
- Straight-fit jeans
- White sneakers
- Loafers

Used for:

- Tutorials
 - AI demos
 - Educational videos
-

8.6 Premium Founder Collection

- High-quality monochrome outfits
- Structured blazers

- Minimal branding
- Luxury fabrics
- Neutral tones

Used for:

- Brand campaigns
 - Keynote-style videos
 - Website hero content
-

8.7 Podcast Collection

- Black fitted top
- Dark blazer
- Smartwatch
- Small earrings

Designed to avoid distractions on camera.

8.8 Seasonal Wardrobe

SUMMER

- Linen blazers
- Breathable fabrics
- Light colors

WINTER

- Wool blazers
- Knit sweaters
- Long coats

MONSOON

- Darker tones
 - Structured jackets
-

8.9 Festival Collection

For Indian festivals:

- Elegant solid-color kurta sets
- Minimal embroidery
- Soft silk fabrics

- Neutral dupatta if applicable

Maintain a professional look rather than elaborate festive attire.

8.10 Fabric Guidelines

Preferred Materials

- Cotton
- Linen
- Wool blends
- Satin (minimal)
- Premium knit
- High-quality polyester blends

Always:

- Wrinkle-free
 - Well-fitted
 - Clean
 - Matte finish
-

8.11 Footwear Library

Business

- Black pumps
- Nude heels

Casual

- White sneakers
- Minimal loafers

Formal

- Black leather heels

Never:

- Flashy footwear
 - Large logos
 - Distracting colors
-

8.12 Accessories

Always Minimal

Allowed:

- Smartwatch
- Small stud earrings
- Thin bracelet
- Wedding ring only if ever added to the brand story

Avoid:

- Heavy necklaces
 - Large earrings
 - Oversized sunglasses
 - Excessive jewelry
-

8.13 Outfit Rotation

To keep content visually fresh while maintaining recognition:

- 60% Signature outfit
 - 20% Business formal
 - 10% Smart casual
 - 5% Podcast style
 - 5% Festival or seasonal
-

8.14 Clothing Rules

Every outfit must be:

- Clean
- Professional
- Properly fitted
- Ironed
- Brand-appropriate
- Comfortable for natural movement

No oversized or overly tight clothing.

8.15 Wardrobe Consistency Lock

The following principles must never change:

- Premium business aesthetic
- Minimalist styling
- Neutral color palette
- Professional appearance
- Limited accessories
- Modern startup-founder identity
- No distracting patterns or oversized logos

Chapter 9 – Accessories & Personal Branding

BUZZBOX AUTO DIGITAL HUMAN V1.0

Objective: Accessories should reinforce Aarya's identity as a modern AI consultant and startup founder. Every item should feel purposeful, elegant, and minimal, never distracting from her message.

9.1 Personal Style Philosophy

Keywords:

- Minimal
- Premium
- Professional
- Modern
- Elegant
- Functional
- Technology-first

The focus remains on Aarya's expertise, not on fashion.

9.2 Signature Accessories

These define her default look.

SMARTWATCH

Style

- Minimal premium smartwatch
- Black or silver finish
- Medium-sized round or rectangular display
- Clean interface

- No colorful straps

Usage

- Appears in most business and tutorial videos
 - Symbolizes productivity and technology
-

EARRINGS

Type

- Small round gold studs
- Pearl studs (alternative)
- Small silver studs

Size

- 4–6 mm

Never

- Large hoops
 - Dangling earrings
 - Heavy jewelry
-

RINGS

Default

- None

Optional

- Thin minimalist gold ring

Never

- Large gemstones
 - Fashion rings
 - Multiple rings on one hand
-

BRACELET

Optional

- Thin gold bracelet
- Minimal chain bracelet

Never

- Charm bracelets
 - Chunky designs
-

NECKLACE

Default

- None

Alternative

- Thin gold chain
- Tiny geometric pendant

Never

- Heavy necklaces
 - Large pendants
 - Bright gemstones
-

9.3 Eyewear

Default

- No glasses

Alternative (Office Scenes)

- Thin black frame
- Thin silver frame
- Anti-glare lenses

Purpose

- Coding
- Reading
- Business meetings

Never

- Fashion sunglasses
 - Colored lenses
 - Thick oversized frames
-

9.4 Business Equipment

Laptop

Primary Device

- Premium silver laptop
- Thin bezels

- Matte finish
- No visible manufacturer logo

Use Cases

- Coding
 - AI demonstrations
 - Presentations
-

Smartphone

Appearance

- Modern flagship design
- Matte finish
- Neutral color
- No branding visible

Used for

- AI app demonstrations
 - Social media
 - Client communication
-

Tablet

Use only when:

- Drawing workflows
 - Presentations
 - Digital whiteboard
-

Notebook

Appearance

- Black leather notebook
- Minimal branding

Pen

- Matte black premium pen
-

9.5 Office Desk Setup

Always clean.

Includes:

- Laptop
- Wireless mouse
- Wireless keyboard
- Coffee mug
- Notebook
- Indoor plant

Never:

- Cable clutter
 - Random objects
 - Food containers
-

9.6 Podcast Equipment

Microphone

Style

- Premium black condenser microphone
- Matte finish

Headphones

Type

- Over-ear
- Black or silver
- Premium appearance

Audio Interface

Small minimalist interface

9.7 Coffee Mug

Style

- Matte white
- Matte black

Design

- No logos
- No colorful graphics

Used naturally in:

- Morning productivity videos
 - Podcast scenes
-

9.8 Brand Props

May include:

- AI workflow diagrams
- Tablets
- Business reports
- Digital dashboards
- Website mockups
- Marketing analytics
- Whiteboard

Everything should support the educational content.

9.9 Personal Grooming

Hair

- Always clean
- Well maintained

Nails

- Short
- Nude polish

Hands

- Moisturized
- Natural appearance

Clothing

- Perfectly fitted
 - Ironed
 - Clean
-

9.10 Consistency Lock

Never over-accessorize.

Maximum visible accessories:

- Smartwatch
- Earrings
- Optional thin ring

Everything else appears only when relevant to the scene.

Chapter 10 – Studio & Environment Library

BUZZBOX AUTO DIGITAL HUMAN V1.0

Objective: Every environment should reinforce BuzzBox Auto's image as a premium AI automation company. Backgrounds should be modern, realistic, uncluttered, and consistent with professional business content.

10.1 Master Studio

Purpose

Primary recording location.

Design

- Modern premium office
- Floor-to-ceiling glass windows
- City skyline view
- Warm wooden flooring
- Minimal furniture
- Indoor plants
- Soft LED accent lighting
- Premium executive desk
- Minimal wall art
- Hidden cable management

Lighting

- Natural daylight mixed with soft studio lighting

Mood

- Clean
 - Inspiring
 - Professional
-

10.2 AI Command Center

Purpose

Technology demonstrations.

Features

- Multiple monitors
- Floating workflow graphics
- Coding interface
- Automation dashboards
- Blue LED lighting
- Modern workstation

Color Theme

- Black
 - Blue
 - White
-

10.3 Podcast Studio

Purpose

Interviews and discussions.

Includes

- Acoustic wall panels
- Wooden table
- Premium microphone
- Warm ambient lighting
- Minimal decor
- Bookshelf
- Indoor plants

Camera

- Medium close-up
 - Soft cinematic lighting
-

10.4 Executive Office

Purpose

Business strategy videos.

Features

- Large executive desk
- Leather chair
- Glass walls
- Minimalist shelves
- Laptop
- Coffee mug
- Business books

Atmosphere

- Quiet
 - Professional
 - Premium
-

10.5 White Background Studio

Purpose

Educational explainers.

Background

- Pure white seamless backdrop
- Shadow-free lighting

Used for

- Tutorials
 - Product demos
 - Website walkthroughs
-

10.6 Dark Studio

Purpose

AI announcements.

Background

- Dark charcoal wall
- Blue LED accents

- Cinematic lighting

Mood

- Premium
 - Futuristic
-

10.7 Meeting Room

Purpose

Corporate content.

Features

- Glass conference table
 - Presentation screen
 - Minimal chairs
 - Bright lighting
-

10.8 Home Office

Purpose

Work-from-home content.

Features

- Wooden desk
 - Laptop
 - Bookshelf
 - Plant
 - Neutral decor
 - Large window
-

10.9 Event Stage

Purpose

Product launches and keynote presentations.

Stage

- Large LED display
- Professional lighting
- Audience seating

- Minimal branding

Camera

- Wide and close-up shots
-

10.10 Outdoor Business Environment

Locations

- Modern tech campus
- Glass office buildings
- Business district
- Startup incubator
- Rooftop terrace

Weather

- Bright daylight
- Golden hour
- Light overcast

Never:

- Crowded streets
 - Tourist attractions
 - Distracting backgrounds
-

10.11 Background Rules

Every environment should be:

- Clean
- Organized
- Premium
- Realistic
- Modern
- Minimalist

No visual clutter or unrelated objects.

10.12 Lighting Rules

Default lighting:

- Soft key light (45°)
- Gentle fill light
- Hair light for separation
- Natural daylight color temperature (≈5500K)

Avoid:

- Harsh shadows
 - Overexposed highlights
 - Color casts
-

10.13 Camera Placement

Default

- Eye-level
- 85 mm portrait lens look
- Chest-up framing

Alternative

- Medium shot
 - Waist-up
 - Full-body for presentations
-

10.14 Environmental Consistency Lock

Across all videos and images:

- Premium startup aesthetic
- Neutral color palette
- Modern technology environment
- Clean composition
- Natural lighting
- Professional atmosphere

Chapter 11 – Camera, Cinematography & Lighting Bible

BUZZBOX AUTO DIGITAL HUMAN V1.0

Objective: Every BuzzBox Auto video should feel like it was produced by a professional commercial production team. The camera should never distract from

the message and should always make Aarya appear natural, confident, and trustworthy.

11.1 Visual Identity

Visual Style

- Ultra-realistic
 - Cinematic
 - Corporate commercial quality
 - Natural colors
 - Premium technology brand
 - Luxury startup aesthetic
 - Human-looking
 - No AI appearance
-

11.2 Camera Type

Always simulate professional cinema cameras.

Examples

- Sony FX3
- Sony A7 IV
- Canon EOS R5
- RED Komodo
- ARRI Alexa Mini

Rendering Goal

Professional commercial advertisement quality.

11.3 Resolution

Master Render

- 8K (7680×4320)

Delivery Formats

- 4K YouTube
- 1080p Social Media
- 1080×1920 Shorts

- 2160×3840 Vertical

Never generate below Full HD.

11.4 Frame Rate

Talking Videos

24 FPS

Educational Videos

30 FPS

Social Reels

30 FPS

Slow Motion

60 FPS

Never

- 15 FPS
 - Choppy motion
 - Frame interpolation artifacts
-

11.5 Camera Lenses

Primary Lens

85 mm

Purpose

Portraits

Secondary Lens

50 mm

Purpose

General videos

Wide Lens

35 mm

Purpose

Office environment

Presentation Lens

70 mm

Purpose

Standing presentations

Avoid

Ultra-wide distortion

11.6 Camera Angles

Primary

Eye Level

Usage

95% of videos

Secondary

5° high angle

Usage

Friendly introduction

Low Angle

Very subtle

Purpose

Leadership moments

Never

Extreme angles

Dutch tilt

Fish-eye

Security-camera view

11.7 Framing

Default

Chest-up

Alternative

Waist-up
Presentation
Full body
Podcast
Medium close-up
Interview
Head and shoulders

11.8 Camera Movement

Allowed
Slow push-in
Slow pull-out
Tiny lateral slider movement
Small orbit
Very slow dolly
Locked tripod shot
Never
Fast zoom
Shaky handheld
Rapid spinning
Jerky motion

11.9 Focus Rules

Always focus on
Nearest eye
Depth of Field
Medium shallow
Background
Soft blur
Face

Perfectly sharp

Never

Soft face

Blurred eyes

11.10 Lighting System

Key Light

Large softbox

45°

Fill Light

Soft reflector

Hair Light

Gentle rim light

Background Light

Very subtle

Overall Mood

Bright

Professional

Warm

Premium

11.11 Color Temperature

Daylight

5500K

Warm Office

4500K

Podcast

4200K

Outdoor

Natural sunlight

Never

Green tint

Blue tint

Magenta tint

11.12 Exposure

Balanced exposure

No blown highlights

Visible facial detail

Natural skin tones

Professional contrast

11.13 White Balance

Automatic correction disabled.

Maintain

Natural skin color

Neutral whites

Clean blacks

11.14 Color Grading

Style

Corporate cinematic

Contrast

Medium

Saturation

Natural

Skin Tone

Realistic

Highlights

Soft

Shadows

Controlled

No Instagram filter look.

11.15 Depth of Field

Talking Head

f/2.0–2.8 look

Office

f/2.8–4 look

Presentation

f/4 look

Subject always separated naturally from the background.

11.16 HDR Rules

Allowed

Wide dynamic range

Smooth highlights

Controlled shadows

Avoid

HDR glow

Over-sharpening

Artificial contrast

11.17 Noise

Very low natural sensor grain

Never

Digital artifacts

Compression blocks

AI noise

11.18 Camera Consistency Lock

Every BuzzBox Auto video should look as though it was filmed with the same professional production setup.

Chapter 12 – Motion, Animation & Human Behavior Bible

BUZZBOX AUTO DIGITAL HUMAN V1.0

Objective: Aarya should move like a real person. Every gesture, blink, head turn, and breath should feel natural, subtle, and believable. The goal is to eliminate the "AI-generated" feeling and create a presenter who behaves like a confident professional.

12.1 General Movement Philosophy

Movement should be:

Natural

Smooth

Relaxed

Confident

Professional

Minimal but expressive

12.2 Standing Idle Animation

Weight shifts naturally every 10–20 seconds

Small breathing motion

Tiny shoulder movement

Natural posture adjustments

Never completely frozen.

12.3 Breathing

Chest movement

Very subtle

Shoulders

Minimal movement

Breathing Speed

Normal adult breathing

Approximately 12–18 breaths per minute

12.4 Head Movement

Talking

Small nods

Gentle turns

Natural emphasis

Listening

Slight tilt

Looking

Small tracking movement

Never

Fast snapping

Mechanical rotation

12.5 Facial Motion

Eyebrows

Subtle movement

Eyes

Natural tracking

Lips

Perfect speech synchronization

Cheeks

React naturally while smiling

Jaw

Smooth speaking animation

12.6 Hand Gesture Library

Greeting

Small wave

Explaining

Open palms

Counting

One finger

Two fingers

Three fingers

Emphasis

Gentle forward movement

CTA

Soft invitation gesture

Never

Aggressive pointing

Wild arm movement

Constant motion

12.7 Walking Animation

Speed

Natural

Stride

Medium

Arm swing

Balanced

Hair

Moves with physics

Clothing

Responds naturally

12.8 Sitting Animation

Posture

Straight back

Hands

Desk or lap

Shoulders

Relaxed

Head

Small movements

Never

Slouching

Constant fidgeting

12.9 Eye Behavior

Maintain eye contact

Occasional glance away while thinking

Natural return

Micro eye movements

Realistic blink intervals

12.10 Speaking Animation

Lip synchronization

Accurate phonemes

Smooth transitions

Natural pauses

Visible breathing

No exaggerated mouth opening

12.11 Emotional Motion

Happy

Soft smile
Bright eyes
Educational
Focused
Friendly
Professional
Calm confidence
Celebration
Slightly larger smile
More energetic gestures
Never
Overacting
Exaggerated influencer reactions

12.12 Hair Physics

Hair responds to:
Walking
Wind
Head turns
Gravity
Shoulder contact
No floating hair.

12.13 Clothing Physics

Fabric should:
Fold naturally
Move with the body
React to gravity
Never clip through the body
Never remain rigid

12.14 Interaction Rules

Laptop

Hands touch keyboard naturally

Phone

Correct grip

Notebook

Realistic page turning

Coffee Mug

Natural lifting motion

Whiteboard

Correct marker interaction

12.15 Speaking Rhythm

Average Speed

120–145 words per minute

Pauses

Natural

Emphasis

Key business words

Tone

Warm

Confident

Educational

12.16 Idle Behaviors

Occasional blink

Tiny smile

Small head movement

Breathing

Natural posture correction

Eye refocus

These behaviors prevent the character from appearing static or robotic.

12.17 Motion Consistency Lock

Across every AI model and every video, maintain:

- Natural breathing
- Realistic blinking
- Smooth lip-sync
- Consistent posture
- Subtle hand gestures
- Human head movement
- Realistic hair and clothing physics
- Calm professional body language
